

To the City of Yucaipa,

8-13-09

ATTACHMENT TO AGENDA ITEM NO. 16

As to the proposed estimated rates for the refuse collection, my husband and I are very opposed to the idea. With the economy we find it very hard as it is to keep up with the bills. The water rates already went up please be fair and think of the people who live here in Yucaipa.

Dear Sir/Madam,

Please be honorably advised that I **strongly object** to any rate increases that are being proposed by Yucaipa Disposal, Inc.

The current rates in place are extremely adequate and should not be changed. In these tough economic times, all businesses and people need to work together to keep costs down. Just because one business feels that they need to increase their revenue stream does not mean that the good citizens of the City of Yucaipa should have to pay for their mismanagement of revenues.

I am sure that Yucaipa Disposal makes a bountiful profit from collecting refuse from the residents of Yucaipa and they **should not** be granted this increase.

Sincerely,

David E. Mangas

To Whom it may concern:

I completely oppose to the price
increase on the charges for the collection
of the ~~maroon~~ 38 gallon containers.

Green waste only once a month

Brown trash not half way full

Blue Recycling only once or every two months.

I don't believe is fair that I don't consume
as a full 38 gallon Bin and still get charge the
same. I really oppose to the price increase
for the year 2009-2010.

RE -Proposed New Residential Refuse Collection Service Charge

To Whom It May Concern:

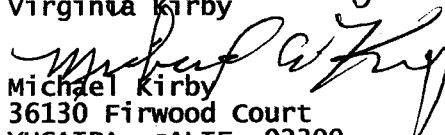

This letter is to PROTEST the proposed rate increases for monthly Curbside Collection service charges in Yucaipa.

The property I am writing about is 36130 Firwood Court, Yucaipa, Calif. Parcel 1242-341-02-0000, Tract 3521., Lot 6.

With the economy in such serious decline, unemployment increasing and home values declining, coupled with high losses in our pension plan this is not the appropriate time for any rate increases. Next year even our social security payments are decreasing. Time to cut costs - not increase them even if it means employees have to earn less or work less hours. We simply cannot afford increases in our utilities at this time

Thank you for your concern about these issues

To Whom It May Concern:

We would like to protest the raising of refuse collection rates in Yucaipa. With the poor economy many people are struggling and this does not seem like an appropriate time to raise any rates. In fact, lowering the rates would be appropriate. Nearly every year our disposal rates have increased. This proposal increases the 30 gallon residential service by another **28%**! A 1.5 commercial bin is increased by 8.85%, for example.

Obviously we would appreciate a decrease in any bill, or at a minimum, no increases.

Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script, appearing to read "W. Walde", with a long horizontal flourish extending to the right.
