Dear Mr. Toomey,

Thank you for the invitation to the September 24 meeting. I will not be able to attend. However, I do wish to give input, by this email.

Conversion to another use is already a very difficult process. It is so difficult that it seldom happens. Any relocation ordinance should be kept as simple and inexpensive as possible. Otherwise, it is simply one more complicated, expensive hurdle that will make future conversions even less likely.

Sincerely,

Ian Dyer
