-------------------------------	--------------	-----------

**OBSERVATIONS:**

**From Last Inspection-** Dismantling/cage conversion project is still on-going and significant progress has been made and another coop has been converted to cage free. There has also been significant progress towards removing the overgrown vegetation on site, most of if not all the impacted areas have been addressed. The cement entryway in coop 12 looked clean and free of accumulation of feathers and waste.

**At this inspection-** The coop 11 cement entryway had some waste and accumulation of feathers, and there is still discarded scrap metal and other debris around the ranch.

**RECOMMENDATIONS:**

Keep cement entries and in the external areas of the coops clean and free of any accumulation of feathers and waste. Properly dispose of sheet metal that has been discarded around the ranch.

**ACTION TAKEN:**

NONE

Biosecurity Measures Taken      Yes   X      No
