**OBSERVATIONS:**

**From Last Inspection-** Discarded scrap metal remains on the ranch that still needs to be properly disposed of. There were no deceased chickens observed on the ranch in this inspection.

**In this inspection** –The entryways were much cleaner in this inspection and all the coops had replenished fly traps. There was however some spilled feed present in one of the coops.

**RECOMMENDATIONS:**

Remove discarded scrap metal, debris, and other miscellaneous inoperable equipment from ranch. Continue to keep areas outside of the chicken houses as clean as possible from manure and large quantities of accumulation of feathers. Continue to remove the miscellaneous spilled fluids from the coops. As much as possible avoid leaving open sitting water that will attract flies.

**ACTION TAKEN:**

NONE
