**OBSERVATIONS:**

Minimal dried manure remains in 2 of the houses that have been unoccupied since last October. No leaks at the time of inspection. Minimal flies were noted sporadically throughout the ranch. There is still overgrown and dead vegetation in and around the entire property which is being monitored and will be abated by SB County Land Use Services Weed Abatement Division.

**RECOMMENDATIONS:**

Continue to remove ALL manure from under the empty cages and dispose of properly (arrange for a pick up-no stockpiling). Abate ALL of the overgrown and vegetation from the property including in or near the empty chicken houses.

**ACTION TAKEN:**

Will re-inspect on Monday, July 20, 2020 for compliance.
