OBSERVATIONS:

No changes noted. Still working on removing the dried manure that remains in 2 of the houses that have been unoccupied since last October. No leaks noted at the time of inspection. No flies were observed near the coops. Continually working on abating the overgrown and dead vegetation in and around the entire property.

RECOMMENDATIONS:

Continue to remove ALL manure (minimal) from under the empty cages and dispose of properly (arrange for a pick up-no stockpiling). Abate ALL of the overgrown and vegetation from the property including in or near the empty chicken houses.

ACTION TAKEN:

Will re-inspect on Monday, August 3, 2020 for compliance.

Biosecurity Measures Taken Yes x No
