City of Yucaipa,

We are concerned with the talk of a change in density for the North Bench/Oak Glen area of Yucaipa. Cluster housing is not part of the general plan. We have worked hard to keep the view scape towards the mountains open. We have worked to secure the El Dorado Park and 5 Winds Ranch for the city to help keep it that way. We want to be sure that it continues to be an enjoyable place for people to visit. Changing the zoning, creating higher density, and cluster housing, will detract from what we are trying to preserve.

Please consider the future generations that will be able to enjoy what a rural atmosphere is by creating 1 or 5 acre parcels. We ask that you do not change what is already allowed.

Once it is lost, it can not be recovered.

Sincerely,

DeDe Chudy
President of Yucaipa Valley Conservancy
