Subject: Public Comment for 5/24 City Council Meeting

Hello,

My name is Megan and I live in Yucaipa.

I want to bring attention to a local group called liberty lap. They say they are bringing community together in a positive way and celebrating liberty and freedom. They say they are not political. This narrative is not the truth. They fly flags of political movements, not just American flags. They only support freedom and liberty for people they approve of. I went to their meet up yesterday with signs calling for inclusion of people in this community and liberty for all. I was met with hostility and was eventually assaulted by one of their members. This group is not who they say they are. They do not welcome all community members, myself included, unless you adhere to their political beliefs. They have been doing this for over a year, every other Sunday. If the city wasn't aware of their actions before, they are now. Thank you.
