Concerned citizens of Yucaipa are wondering why no mention of the Surplus Lands Act was made in regard to the Brewcaipa staff report. The parcel of land that Brewcaipa is located on would seem to fall within the scope of the Act. Until it is made abundantly clear that no violations of the SLA are being committed by leasing or selling this parcel, the city's arrangement with the Brewcaipa establishment will appear, as many other past business deals, and contract awards do- as another case of cronyism and back door dealing on the part of certain city council members.

Sincerely,
A Concerned Citizen
Yucaipa, CA
