Dear City Council Members,

I write in support of Item #5 on the City Council agenda for August 24, 2020 — award of contract for design/development of the Wildwood Single Track Mountain Bike Trail. This project will add a unique recreational feature to our community, attracting both casual and avid mountain bike riders. I know of no other city in the highly populated area of the Inland Empire with such a dedicated mountain bike facility. It is sure to attract residents and visitors and give them yet another reason to “Explore Yucaipa.”

Thank you for your past support for this project. I urge you to support the staff recommendation to award a contract to take this project to the next step.

Sincerely,

Kathy Barton
